

BSP opposes move of Arakshan Virodhi Manch

Excelsior Correspondent
JAMMU, Aug 6: While opposing the move of the Arakshan Virodhi Manch and another organization namely, India Against Reservation, State president of the Bahujan Samaj Party (BSP) has claimed that it will create hatred among the beneficiaries of the reservation and also lead to division in the society. While speaking in workers' meeting held here today, Mr Langeh took serious note of the protest programme being organized by these two anti-reservation bodies on August 7 at Press Club of Jammu. He said the caste system caused massive damage to the members from the Scheduled Castes and the Indian Constitution provided them some relief and opportunity to progress and improve their condition.

The BSP leader claimed that this move would create division in the society and also give rise to the hatred among the member of two sections, beneficiaries and non-beneficiaries. The BSP leader opposed the reservation being demanded by these two bodies on the basis of poverty lines or economic condition of the families among all the castes. He pointed out that people from lower castes always remained slaves and reservation has made them to lead their life honourably. The children of SC/ OBC families are now getting opportunities for better education and also work in various fields. This anti-reservation move will cause maximum damage to the members from these castes. He said that BSP would strongly oppose this move tooth and nails.

Govt ignoring Gujjar, Bakarwals; GBDYB

Excelsior Correspondent
JAMMU, Aug 6: Gujjar Bakarwal Desh Youth Body (GBDYB) today flayed the Government for ignoring Gujjar and Bakarwal community.

Addressing a press conference, Nazakat Khatana, State president, GBDYB warned that the community will give the answer through its vote in the forthcoming elections.

Khatana said that he recently visited the various areas of Padder and Kishtwar where he observed that the community is in worst condition facing lot problems owing to complete neglect by the Government.

He further said that community people are suffering from the heavy

rainfall in these regions and are presently without shelter but the Government is not paying any attention towards their plights and just consider them as vote bank.

Khatana expressed that there are no medical facilities available for these nomads while the mobile schools allotted by the Government few years back are also nowhere on the ground besides non establishment of sheep unit so far clearly shows the callous approach of the Government towards this weakest and poorest section of the society.

Among others present were Choudhary Yousuf, Choudhary Mushtaq Ahmed, Choudhary Naid Ali and Choudhary Shabir Ahmed Qadri.

SIPAS holds 'Career Counseling Camp'

Excelsior Correspondent

JAMMU, Aug 6: Sai Institute of Paramedical and Allied Science (SIPAS) Dehradun organized "Career Counseling Camp" for the students of Jammu and Kashmir State at Hotel Jewel, here today.

Hundreds of students turned up with their parents at the venue where SIPAS team of experts answered various queries of students through one to one counseling.

Welcoming parents and students, Iqbal Singh, Assistant Professor of SIPAS said that wrong planning at 10+2 or Graduation can spoil the career of the candidate, adding that a right type of planning is required at right time. "Students should not only

know details of the course to be joined, but also the scope of that course in future," he further added. He also informed that SIPAS offered special scholarship and discounts for the students of Jammu and Kashmir.

During the Counseling, SIPAS team apprised the participants about various job oriented courses available for the students of 10+2 and graduation like Master in Hospital Administration, Diploma in Yogic Science, Physiotherapy, Medical Microbiology, Pharmaceutical Chemistry, Master in International Business, Master in Finance & Control, Medical Lab Technology, Biotechnology, Mass Communication, BBA, BCA etc, their eligibility criteria and fee structures etc.
