

Peace only way to improve situation: Rawat

NEW DELHI, Apr 15:

Army chief General Bipin Rawat today said the radicalised youth of the Valley would soon realise that the gun was not the solution to their problem as neither the Army nor the terrorists would achieve their goals through it.

Peace, he said, was the only way to improve the situation in Kashmir that had been witnessing militancy for about three decades now.

"There is hope that the situation in Kashmir will improve...It's not gone wrong. There are some youths in Kashmir who have strayed and have been radicalised. They think they can achieve their goal through guns.

"But the time is not far when even they will be convinced that neither the forces nor the terrorists will be able to achieve their goal. We have to together find a way for peace and we will be successful in that," Rawat said.

The Army chief was speaking at the 70th foundation day of Jammu and Kashmir Light Infantry regiment.

He said although a section of people in the Valley had strayed but that was a "very small" number and majority of people desired peace and believed that they were Indians.

"It is wrong to say that situation in Kashmir has deteriorated. The atmosphere is vitiated but the situation has not deteriorated," he said.

Rawat, who served extensively in Kashmir through his tenure, said the concept of 'Kashmiriyat' had to be brought back and the process initiated from the University of Kashmir.

He noted that 'Unity in Diversity' was the real essence of Kashmiriyat and it is important to inform the youth about it.

"To revive that Kashmiriyat, we need to get our act together. It is not difficult. We have to get our act together, sit down together, work together and make sure that we all get united and bring about peace," he added. (PT)

Clean Channi Himmat lane turned into garbage yard

The residents of J&K Bank lane, Channi Himmat, have expressed their resentment over keeping of two garbage dumpers in the lane by the Jammu Municipal Corporation, stating that the neat and clean lane has been turned into garbage yard by the JMC.

They said that last Sunday JMC kept two garbage dumpers in the lane, which have turned the neat and clean lane into garbage yard with filth and garbage scattered around the dumpers and even on the lane.

"The foul smell coming from these dumpers and garbage scattered around them has polluted the clean atmosphere of the area, which used to be morning walkers paradise about a week back", the residents said, adding now it has become difficult for the residents to even breathe.

They said that all the residents of this lane have facility of daily garbage collector on payment basis to municipality and there is no problem of garbage spillage but despite that the JMC kept these garbage dumpers in the lane and turned into a hell.

"We even approached our MLA and he asked concerned health officer of JMC but no action was taken so we appeal the JMC Commissioner to take cognizance of the matter and issue orders to remove these garbage dumpers," the residents of the area said.

Construct Ramban- Pashthathi road

There is urgent need to connect villages like Shargali, Showra, Gharshali, Charkruvan, Batta, Chakra, Ahdwah and Wasigharhat with NHIA Ramban through a motorable road. These villages lie at the back of Ramban Town.

The village consists of 10000 souls who face enormous problems on account of lack of road connectivity. The area is very popular for agriculture and dairy production as there are seven to eight Gharats in the area where public of all hues come for taking flour from these Gharats. Since there is no road connectivity, these people encounter many problems. Besides, Pashthathi, needs to be brought on the tourist map of India. As the place is endowed with natural scenery, it may become a tourist place.

Therefore, construction of the above said road is a prerequisite

site for developing this area. The administration is therefore requested to construct a road through these villages.

Water shortage in Rajpura Mangotrian

We, the residents of Rajpura Mangotrian, Lane No. 19 (Netaji Gali) Jammu are facing acute shortage of water supply for which we approached the concerned PHE Department authorities, but they are turning deaf ear to the said problem. Moreover, to our surprise all the adjacent lanes are being provided regular water supply but our lane is being provided regular water supply twice or some times once a week. We hope authorities will take notice of this grave situation.

Repair Bagnoti-Chak link road

We, the residents of Bagnoti demand immediate repair of Bagnoti-Chak link road which has developed ditches and cracks resulting into hurdles for smooth running of vehicles. Besides, the unregulated heavy traffic of trucks leads to air and noise pollution. The matter has been brought into the notice of SDM, Nowsheera through a memorandum and also been discussed with him, but no action till date.

We express deep concern over the matter and ask concerned authorities of PMGSY to the needful well in time so that people may not suffer.

Udhampur town needs facelift

The District Administration Udhampur is requested to give a facelift to the town to ease the problems of people living here. The administration must focus on widening of roads, installation of streetlights and repairing of drains. At most places drains have got clogged, and need to be cleared of all mush and goo. It has been observed that these blocked drains overflow onto the road surfaces causing inconvenience to people.

The dysfunctional streetlights need to be replaced with new ones at the earliest.

We hope action would be initiated at the earliest so that the residents can live in a congenial atmosphere.

Amit Gupta, Chanchal Gupta
Udhampur.
