Pandoka Colony in pathetic condition
A nallah flows between Pandoka Colony and Indira Vihar. This nallah was covered by the UEED. Some two years back and was used by residents for plying two and three wheelers as it was shortest route from Paloura road adjoining main Bab Ashram to reach Janipur road. Now a portion of this road has caved in and no one uses it now-a-days. Thus people face great difficulty to reach Janipur these days via this route and therefore draws the attention of UEED authorities.
Besides, the Pandoka Colony has been turned into a garbage bin by the residents. One can see garbage dumps everywhere in the colony. These dumps have become a source of nuisance for the residents as their stench wafts through the colony causing great inconvenience to the residents.
The condition of street lights is no better. In absence of street lights during evening hours one faces great difficulty while walking through the lanes.
It is also pointed out here that some people have encroached the streets here. These encroachments need to be removed at the earliest so the residents do not face any inconvenience.
It is therefore urged to the Jammu Municipal Corporation authorities to visit the colony and assess the situation themselves and take remedial measures accordingly.

Restore electricity supply
This is to draw the kind attention of the concerned authority that half of Dashmesh Nagar Digiana is in darkness for five days as one of the transformers went out of service. We are suffering as we have our fans, lights, refrigerators shut and even our water tanks are empty immediate action is required.

PHE scheme lying incomplete
Many years back sanctioned scheme to provide drinking water to thousands of souls of this area is lying half-way-done. Obviously, the thirst for the water remains unquenched notwithstanding the fact that huge amount spent so far appears totally wasted. Snail's speed totally wasted. Snail's speed of its execution indicates something undesirable and is not likely to mitigate sufferings of the masses here. It is another tragedy of the time that no one leathers even to listen grievances of the public. The water being basic necessity of life, any negligence in its availability to the people can't be compromised with. If the authorities responsible for its completion happen to come across this woeful tale, should not its completion.

Repair Ambphalla lane
We the residents of Ambphalla, Lane No 3 (H. No. 416 to 42) Opposite BSNL customer care centre want to draw the attention of the concerned authorities towards the bad condition of drain in the lane. The lane which was repaired two years ago has broken again. With the result, lane has become unfit for pedestrians and motorists. It needs to be covered immediately and properly, so that it does not become the cause of any accidents. It is requested to the Municipal authorities to get this problem addressed at the earliest.

ERA irks Rajpura residents
This is to draw the attention of the concerned authorities that ERA dug out the lanes of the area about six months back and laid few pipes and left the lanes without completing the work. It is very unfortunate that the ERA is paying no heed to the repeated requests for completion of work. It has become habit of the ERA to harass the public as the deptt. sublets the contracts and the contractors have no idea of the work and they dig out the lanes without having proper proposals of the deptt. Till last six months the ERA could not provide the junction holes and their covers. Moreover no official confirms that how much time it would take to complete the work. The ERA officials must visit the Lane No. 12, 13 & 14 of Rajpura Mangrotia which are the most sufferers during the Monsoon season with in one weeks time otherwise the residents will be left with no other choice except adapting the agricultural path which they may include Dharana pardashans, road blockades or garava of officers of ERA. For any untoward incident the ERA officials will be wholly responsible.
