## Forex gains drive up Maruti Q1 net, up 49% at Rs 631.6 cr

NEW DELHI, July 25:

Driven by foreign exchange gain, the country's largest car-maker Maruti Suzuki India (MSI) today reported 49 per cent jump in net profit at Rs 631.6 crore for the first quarter ended June 30, 2013.

The company had posted net profit of Rs 423.77 crore in the April-June quarter of last fiscal.

Sales were down 9.98 per cent to 2,66,343 units, from 2,95,896 units in the year-ago period as the auto market continued to reel under demand slump.

In value terms, MSI said Q1 net sales were Rs 9,995.12 crore as against Rs 10,529.24 crore in the same period a year ago, down 5 per cent.

"Favourable foreign exchange rates during the quarter helped improve export realisation and limit the impact on net sales," the company said.

Besides, MSI said the increase in net profit was also due to focussed cost reduction efforts undertaken by it and the benefit from merger of Suzuki Powertrain India Ltd (SPL) with the company in the 2012-13 fiscal.

"During the quarter, the average discount across the models was Rs 13,446 as against Rs 11,646 in the year ago period," he added. (PTI)
