**Rains toll 131, thousands trapped**

Kukhimath Sub Divisional Magistrate Rakesh Tewari told reporters after his return from Kedarnath that 50 bodies are lying in areas adjacent to the shrine.

"We are right now concentrating on rescuing those who are alive," he said.

The death toll may rise significantly once water recedes and relief teams are able to access the affected areas.

A portion of the Kedarnath temple compound was washed away but authorities said no damages were reported to the structure itself.

The Ram Bada area, a busy spot near the temple, has been completely submerged and was not visible from rescue choppers.

Army Central Command officials said that nearly 6,000 to 8,000 people are stranded in Kedarnath, 2,500 in Hemkund Sahib and around 8,000 in Badrinath.

Flash floods, cloudbursts and landslips have so far claimed 131 lives in northern India. Thousands have been displaced in Uttar Pradesh where several rivers are in spate.

The death toll in Uttarakhand has reached 102. Rudraprayag district was the worst hit with 20 people dead and 73 buildings, including 40 hotels, along the banks of the Alaknanda swept away in the swirling waters of the river.

A total of 17,440 pilgrims bound for the Himalayan shrines of Kedarnath, Badrinath, Gangotri and Yamunotri are stranded in Rudraprayag, Chamoli and Uttarkashi districts of Uttarakhand with the famous char dham yatra having been suspended due to massive landslides and damage to the road network.

While 27,040 tourists are stranded in Chamoli, Rudraprayag and Uttarkashi have 25,000 and 9,850 pilgrims from various parts of the country stranded, Disaster Management authorities said.

Meanwhile, with a slight let

up in the rain today, rescue efforts are being intensified in the affected areas.

More than a dozen helicopters have been deployed in Uttarakhand and Himachal Pradesh for relief and rescue operations with officials saying that all the stranded people are expected to be evacuated soon.

Union Home Secretary R K Singh said food, medicines and blankets were air-dropped in remote areas of Uttarakhand and Himachal Pradesh. Home Minister Sushilkumar Shinde, too, talked to the chief ministers of the two states.

"We have provided seven helicopters to Uttarakhand. The state government has also hired four private helicopters. We are providing helicopters to Himachal Pradesh. Hopefully, all stranded people will be evacuated today," Singh said in New Delhi.

Himachal Chief Minister Virbhadra Singh, who was stranded in Kinnaur district for nearly 60 hours due to landslides, was evacuated this morning by a chopper hired by his Congress party.

The threat of flood, meanwhile, loomed large over Delhi as the water level in Yamuna climbed well above the danger mark. Around 1,500 people in the various low-lying areas of east Delhi have been evacuated and sent to relief camps.

"The water level of Yamuna crossed the danger mark of 204.83-m at 7 AM and reached 205.58-m at 7 PM," an official in the flood and irrigation department said.

A high alert has been issued in Uttar Pradesh following heavy rainfall across the state and the release of water by several barrages since yesterday.

Four persons were killed in rain-related incidents in the state, including three teenagers who were struck by lightning in Maharajganj. Another woman was killed and six others injured when a house collapsed in heavy rains in Muzaffarnagar. (PTI)

got the healthy plan as projected by it for Rs 8050 crores.

"The delay in view of cancellation of May 20 and June 2 meetings wouldn't matter if we are able to get 10 per cent step-up in the plan over last financial year," sources said.

Kashmir, and Chief Executive Officer Pahalgam Development Authority to upgrade the tracks in the Yatra area in Baltal and Chandanwari routes respectively as per the decisions taken by the Sub-committee, constituted by the Supreme Court.

The Government has ordered that the Tourism Department should provide shelter sheds at regular distances along the yatra tracks where the Yatris can take shelter during times of incessant rains, snow and storms.

The Tourism Department has been asked to erect 30 concrete Dome type shelter sheds along with linked toilets at identified locations in the yatra area and security forces have been directed not to occupy these shelters as they are exclusively meant for Yatris.

into an agreement with Central Government by accepting the post-1953 position in 1975 accord in lieu of the power. Ridiculing the allegation of National Conference Additional General Secretary Dr Mustafa Kamal against Congress party for eroding autonomy of the State, Fotedar said that Kamal must ask his own party senior leadership as who actually is responsible for the erosion of autonomy.

"I was also key players during parleys between Centre and National Conference leaders like Mirza Mohammad Afzal Beg and Sheikh Mohammad Abdullah on 1975 Indira-Abdullah accord. I was appointed by Indira Gandhi as a point man. The Centre Government agreed that Sheikh Mohammad Abdullah can call himself as Prime Minister of the State in 1975," Fotedar revealed.

"However, it was made clear to Sheikh Mohammad Abdullah that any communication from New Delhi will address him as Chief Minister and not Prime Minister", said Fotedar adding: "Sheikh accepted it and decided that in Jammu and Kashmir he will also be called as Chief Minister. These issues had been settled already and there is no scope for going back into history and changing the present status."

When asked that National Conference leadership is repeatedly alleging that
