A Statement issued by HC led by Mirwaiz Umar Farooq said that the silencing of guns on the LoC by India and Pakistan provided the much-needed relief to the residents of LoC, who were living constantly under its shadow.

"It also pointed to a thaw in India Pakistan relations, always a welcome development for the people of J&K who see it as a harbinger of engagement and dialogue between the two neighbors and the way forward for resolution of Kashmir dispute", the statement said.
