# Zydus Cadila agrees to reduce its COVID vaccine price to Rs 265

NEW DELHI, Oct 31: Zydus Cadila has agreed to bring down the price of its COVID-19 vaccine to Rs 265 a dose following persistent negotiations by the government but a final deal is yet to be reached, sources said on Sunday.

Zydus Cadila's ZyCoV-D is the first vaccine cleared by India's drug regulator for inoculation of those aged 12 years and above.

To administer the needle-free vaccine, a disposable painless jet applicator costing Rs 93 is required for each dose, which would take the price to Rs 358 per dose.

The Ahmedabad-based pharma company earlier had proposed a price of Rs 1,900 for its three-dose regimen, sources said.

"The company has brought down the price to Rs 358 for each dose which includes Rs 93, the cost of a disposable jet applicator, following repeated negotiations by the government... A final decision in the matter is likely to be taken this week," a source in the know of developments said.

The three doses are to be administered 28 days apart, with each dose comprising a shot in both arms.

The indigenously developed world's first DNA-based needle-free COVID-19 vaccine ZyCoV-D received emergency use authorisation from the drug regulator on August 20. (PTI)
