## LPG price may be hiked next week

NEW DELHI, Oct 27: LPG rates were last hiked by Rs 15 per cylinder on October 6, taking the total increase in rates since July to Rs 90 per 14.2-kg cylinder.

Sources with direct knowledge of the matter said State-owned oil marketing companies have not been allowed to align retail selling price with the cost, and no Government subsidy has so far been approved to bridge the gap.

The under-recovery or losses on LPG sales have mounted to over Rs 100 per cylinder after international energy prices soared to multi-year high, they said.

While Saudi LPG rates have jumped by 60 per cent to USD 800 per tonne this month, international benchmark Brent crude oil is trading at USD 85.42 per barrel.

"LPG is still a controlled commodity. So, technically, the Government can regulate the retail selling price. But, when they do that the oil companies have to be compensated for the under-recovery (or losses) they incur on selling LPG at rates below the cost," one of the sources. (PTI)
