

BJP has 'broken' dream of lakhs of youth: Rahul

NEW DELHI, June 23:

Attacking the BJP over the 'Agnipathi' scheme, Congress leader Rahul Gandhi on Thursday said the ruling party has "broken the dream" of lakhs of youth to serve the country and asserted that a storm will rise from their tears that will break Prime Minister Narendra Modi's "arrogance of power".

Taking to Twitter, Gandhi posted a video of a young man in tears

Man dies under mysterious circumstances

Excelsior Correspondent

JAMMU, June 23: A man died under mysterious circumstances here today, police sources said.

The deceased was identified as Ajaz Ahmed Laway, son of Ghulam Rasool Laway, a resident of Nandapora, Khanabal, District Anantnag.

He was found unconscious near out gate of general bus stand here and was rushed to Government Medical College and Hospital (GMCH), where doctors pronounced him as brought dead.

The body has been shifted to mortuary of GMCH for completion of medical and legal formalities.

Bus Stand Police has taken cognizance in this regard.

expressing anguish over having lost the chance to join the armed forces.

"There has not been any recruitment in the armed forces for the last two years. 2018-19: 53,431; 2019-20: 80,572; 2020-21: 0; 2021-22: 0," the former Congress chief said.

"By bringing 'Agniveers' on a four-year contract, the BJP has broken the dream of lakhs of youth to serve the nation. Such a storm will rise from these tears that will destroy the arrogance of power of the prime minister," Gandhi said in a tweet in Hindi.

Addressing Congress parliamentarians and legislators from across the country who converged at the party headquarters here on Wednesday to express solidarity with him after he was questioned by the Enforcement Directorate, Gandhi had alleged that the BJP government "which calls itself nationalist" was "weakening" the armed forces through the 'Agnipathi' scheme.

He had also said Modi will have to withdraw the military recruitment initiative just like he rolled back the farm laws.

Several parts of the country witnessed protests after the announcement of the scheme that seeks to recruit youths between the age bracket of 17-and-half years to 21 for only four years with a provision to retain 25 per cent of them for 15 more years. For 2022, the upper age limit has been extended to 23 years. (PTI)

India's GSAT-24 satellite launched, entire capacity leased to Tata Play

BENGALURU, June 23:

NewSpace India Limited (NSIL) on Thursday successfully undertook the launch of GSAT-24 in its first "demand-driven" communication satellite mission post space sector reforms, leasing the entire capacity on board to Direct-to-Home (DTH) service provider Tata Play.

Built by Indian Space Research Organisation (ISRO) for NSIL, GSAT-24 is a 24-Ku band communication satellite weighing 4180 kg with pan-India coverage for meeting DTH application needs.

"Today, 23rd June 2022 @ 03:20 Hrs IST, NewSpace India Limited (NSIL), a CPSE under Department of Space, successfully undertook the launch of GSAT-24 communication satellite on-board Ariane-V (VA257 flight) from Kourou, French Guiana (South America)," NSIL, the commercial arm of Bengaluru-headquartered ISRO, said.

Ariane-V (VA257 flight), operated by French company ArianeSpace, also carried Measat-3d communication satellite from Malaysia as other co-passenger.

"Today's successful mission of GSAT-24 is a major step forward for NSIL in commercially meeting the DTH communication needs of the country using indigenously built satellite solutions from ISRO," said Secretary in the Department of Space and ISRO

ArianeSpace launched GSAT-24 on-board Ariane-V VA257 flight from the Guiana Space Centre in Kourou.

Chairman, Dr S Somanath. As part of "space reforms" announced by the government in June 2020, NSIL, incorporated in March 2019, was mandated to undertake operational satellite missions on a "demand driven" model, wherein it has the responsibility to build, launch, own & operate satellites and provide services to its committed customer.

The entire satellite capacity on-board GSAT-24 will be leased to its committed customer Tata Play, the DTH business of Tata Group, for meeting their DTH application needs.

GSAT-24 is configured on ISRO's proven I-3k Bus with a mission life of 15 years.

"Demand-driven" mode basically means when satellite is launched, one will know who the end customers are going to be and what's the kind of utilisation and commitment so that you have effective utilisation of this satellite capacity once it goes into orbit," an NSIL official explained.

"Earlier, the mode was more supply driven, with capacity being leased after the launch with largely no firm commitment by customers before hand," the official noted.

"The entire mission is fully funded by NSIL -- satellite, launch, launch campaign, insurance, transportation, in-orbit maintenance and support. Once the satellite is up in orbit, this will be fully owned and operated by NSIL," NSIL Chairman and Managing Director Radhakrishnan Durairaj said.

"So, we will be the satellite

Urban cooperative banks need to focus on symmetric development: Shah

NEW DELHI, June 23:

Asserting that urban cooperative banks (UCBs) need to focus on symmetric development, Cooperation Minister Amit Shah on Thursday asked UCBs to undertake key reforms including hiring young talent and adopting modern banking methods in order to remain competitive.

Structural changes, strengthening of human resources, computerising accounting process, hiring experts to handle surplus funds are the other reforms that UCBs need to undertake in order to compete with nationalised and private banks, he said.

By implementing these reforms, the UCBs should make themselves more relevant in the current times, the minister said and assured that cooperative banks will not be treated like a "second grade citizen".

"There are 1,534 urban cooperative banks, 54 scheduled urban cooperative banks, 35 multi-state cooperative banks, 580 multi-state cooperative credit societies, 22 state cooperatives. We have a wide presence but it is uneven... We need to properly work on symmetric development of urban cooperative banks," Shah said addressing an event here.

Since cooperative banks are the only banks that lend to the lower strata of the society, there is a need to set up at least one UCB in every town in the country, he said and directed the National Federation of Urban Cooperative Banks and Credit Societies (NAFCUS) to focus on symmetric development of UCBs across India.

"Symmetric expansion will help us remain in the competition. Successful banks should also come forward and contribute to this," he said.

Presently, the role of urban cooperative banks is negligible in the total banking sector in terms of

deposit and advance payment, he added.

Asserting that there is huge scope for expansion of UCBs and cooperative credit societies, the Minister said it is because there is increased economic activity in urban centres with 40 per cent urbanisation in the country.

UCBs are necessary for the overall development of the country as these are the only banks that can lend to lower sections of the society. "We need to uplift the lower section and make them part of the country's economic development. This can be done by cooperatives alone," he said.

The role of UCBs is such that loans provided by them have helped some set up major businesses in the country, Shah said and shared that he knew at least three such top businessmen who got first Rs 5 lakh loan from urban cooperative banks and they are now major

contributors to the country's GDP.

Listing out the key reforms, the Minister said UCBs cannot be satisfied with the current growth, having Rs 5 lakh deposit and Rs 3 lakh crore advance payment.

"This may appear big, but what is its share in the total banking sector? Urban cooperative banks' share in deposit is only 3.25 per cent, while in advance payment it is 2.69 per cent. We need to expand this," he said.

For expansion of UCBs, he said structural changes are required and the next generation having banking experience should be hired for better operation of the banks. The systems should be modernised, accounting should be computerised, accounting alerts should be put in place besides infusing young talent.

Transparency in recruitment and hiring experts to handle surplus funds is necessary, he said.(PTI)

Three arrested with heroin

Excelsior Correspondent

RAMBAN, June 23: Police arrested three persons and recovered 6 grams heroin from their possession.

As per police sources, on reliable information a team from Police Station Ramban led by SHO Inspector Sandeep Charak laid a naka and intercepted a Tata Tiago bearing registration number JK19-6950.

During checking, police team recovered 6 grams of heroin from the possession of three persons and arrested three persons travelling in the vehicle.

The arrested persons were identified as Baljeet Singh, son of Raj Gopal Singh of Suligam District Ramban, Reyaz Ahmed, son of Mohammad Shafi of Tatarsu District Ramban and Arbaz Khan, son of Mohammad Shafi of Chamba Seri District Ramban.

A case FIR Number 227/2022 under section 8/21/22 NDPS Act was registered in Police Station Ramban and investigation set into motion.

The overall operation was carried out under the supervision of DySP Headquarters Ramban Pardeep Singh Sen and SP Ramban Mohita Sharma.

Police solves bike theft case, nabs 2

Excelsior Correspondent

RAJOURI, June 23: The police in Nowshera sub division claimed to have solved a case of theft arresting two accused and recovering stolen property worth around Rs1.50 lakhs from their possession.

A police spokesman said that on June 13, Police Station Nowshera received a written complaint lodged by Suresh Kumar, son of Jang Bahadur Singh Choudhary stating that some unknown burglars have stolen his motorcycle bearing registration No. JK11D-0411 from parking area Nowshera during the intervening night of June 12-13.

The police registered a case

FIR No. 132/2022 under relevant sections of law and started investigation.

During investigation SHO Nowshera Rajesh Jasrotia assisted by PSI Manish identified a number of suspects based on technical exercise and each suspect was put to sustained questioning.

After hectic efforts, two suspects namely Irfan Sadiq, son of Sadiq Hussain, resident of Ward No.13 Nowshera and Haroon Mirza, son of Mohd Hussain, resident of Rajal Top, Nowshera were identified and based on their disclosure the stolen property, a motorcycle, with registration number JK11D 0411 was recovered.

3 vehicles involved in illegal mining seized

Excelsior Correspondent

JAMMU, June 23: Talab Tillo and Sainik Colony Police seized three vehicles involved in illegal mining.

As per police sources, teams from Police Post Talab Tillo led by PSI Rajesh Kumar and Police Post Sainik Colony led by PSI Bhawani Singh raided different locations in their respective areas and seized 3 different vehicles involved in illegal mining.

DMO Jammu was also intimated about the same.

The mining was being done in violation of order of High Court of J&K.

In order to strictly implement the drive against illegal mining and to tighten noose against the violators of the law, Jammu Police has initiated strict action.
