India will be pillar of global economic revival: Goyal

KOLKATA, Sept 29:

Union Minister Piyush Goyal on Thursday said India will be the pillar of the global economic revival as it exhibited steady growth and emerged as the fastest-growing country among large economies of the world.

Addressing the Bengal Chamber's annual general meeting virtually, he said if all stakeholders of the economy work together with a sense of 'Kartavya bhav' (spirit of duty), the national goal of USD 30-trillion economy will be achieved by 2047, the year when the country will celebrate 100th anniversary of its independence.

"India is already the fifth largest economy in the world and is turbocharging its growth to become the third largest in the coming years. The Prime Minister's vision is to make India a developed nation by 2047 with an economy size of USD 30 trillion as we will celebrate our 100th independence in that year," Goyal, the Commerce and Industry Minister, said.

All sectors such as agriculture, manufacturing and construction are doing quite well, he claimed.

"India is an island of stability and will be the pillar of global revival. Our economy has shown resilience during the pandemic and is on a steady path of growth," the Minister said.

Asserting that India is the best destination for investments, Goyal said the government has taken several structural reforms, and more are in the pipeline. (PTI)
