

Excise policy case: Sisodia architect of conspiracy, says court; rejects bail

NEW DELHI, Mar 31:

A court here on Friday dismissed the bail plea of former deputy chief minister Manish Sisodia in the excise policy scam case of CBI, saying he was "prima facie the architect" and played the "most important and vital role" in the criminal conspiracy relating to alleged payment of advance kickbacks of around Rs 90-100 crore, meant for him and his colleagues in the Delhi Government.

Observing that the release of the senior AAP leader, who is in custody since February 26 in the case, at the moment will "adversely affect the ongoing investigation", special CBI judge M K Nagpal said of the advance kickbacks amount, Rs 20-30 crore was found to be routed through the "co-accused Vijay Nair, Abhishek Boimpally and approver Dinesh Arora".

The CBI had arrested Sisodia in connection with alleged corruption in the formulation and implementation of the now-scrapped Delhi Excise Policy 2021-22 on February 26, following several rounds of quizzing by the agency.

Elaborating on the criminal conspiracy aspect, the judge referred to the CBI's submissions on the probe conducted so far and said Sisodia played the "most important and vital role in the above criminal conspiracy" and he had been deeply involved in formulation as well as implementation of the said policy to ensure achievement of objectives of the said conspiracy.

"The payment of advance kickbacks of around Rs. 90-100 crore was meant for him and his other colleagues in the GNCTD and Rs 20-30 crores out of the above are found to have been routed through the co-accused Vijay Nair, Abhishek Boimpally and approver Dinesh Arora and in turn, certain provisions of the excise policy were permitted to be tweaked and manipulated by the applicant to protect and preserve the interests of South liquor lobby and to ensure repayment of the kickbacks to the said lobby," it said.

Referring to the evidence collected so far by the CBI, the court said that they clearly showed that Sisodia through co-accused Nair was in contact with the south lobby and formulation of a favourable policy for them to achieve monopoly in sale of certain liquor brands of "favoured manufacturers".

"And it was permitted to be done against very objectives of the policy. Thus, as per allegations made by prosecution and the evidence collected in sup-

port thereof so far, the applicant can prima facie be held to be architect of the said criminal conspiracy," it said in the 34-page-long order on the bail plea.

Acknowledging the vehement submissions that the AAP leader that he was not a flight risk, the court said even though he was not at flight risk, there were serious apprehensions that he may tamper with evidence.

"... But keeping in view his conduct as reflected from destruction or non-production of his previous mobile phones... And also the apparent role played by him in not producing or missing of the file of one cabinet note... There may be serious apprehensions of destruction or tampering of some further evidence and even of influencing some prime witnesses of this

case by him or at his instance, in case he is released on bail by the court," the court said.

It said that the allegations against the AAP leader were "serious in nature" and that investigation regarding his role was incomplete.(PTI)
