

GST Council to discuss industry demand of full CGST

NEW DELHI, July 6: The GST Council is likely to discuss a demand of industrial units located in 11 Himalayan and North Eastern states for reimbursement of full Central GST and 50 per cent of net Integrated GST paid, sources said.

Currently, Centre reimburses 58 per cent of net CGST and 29 per cent net IGST under the central Government scheme -- 'Scheme of budgetary support' notified in October 2017.

However, industrial units located in the Himalayan and North Eastern States have been seeking implementation of a mechanism for reimbursement of balance 42 per cent of the CGST and 21 per cent of the IGST paid by them in cash along with appropriate interest.

States are, however, reluctant to reimburse their share of CGST and IGST collection they receive on account of tax devolution citing unsatisfactory revenue growth and implementation of similar schemes by the state to incentive industries.

In the pre-GST era of excise duty, industrial units Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura enjoyed a tax holiday.

Sources said in view of the Supreme Court judgement in October, 2022, and further directions by the High Courts of Delhi, Meghalaya and Guwahati, the issue would have to be discussed by the GST Council in its 50th meeting on July 11.

The GST Council, chaired by

the Union Finance Minister and comprising state counterparts, had in its second meeting in September, 2016, unanimously decided that all entities exempted from payment of indirect tax under any tax incentive scheme shall pay tax in the GST regime.

Goods and Services Tax (GST), which subsumed 17 local taxes and 13 cesses, was rolled out on July 1, 2017.

The Council had then decided that Centre and state governments on their own can decide if it wants to continue with any incentive given to specific industries in existing industrial policies of States or through any schemes of the Central government.

In case the state or Central government decides to continue any existing exemption/incentive/deferred scheme, then it shall be administered by way of a reimbursement mechanism.

Industry has filed several writ petitions in the Supreme Court and High Courts saying that the government had replaced the incentive available to the industrial units under the erstwhile indirect tax regime.

As per the industry, exemption from 100 per cent of output central excise duty liability was replaced with and limited to reimbursement of 58 per cent of net CGST and 29 per cent net IGST paid in cash by the eligible manufacturing units after utilizing the credit available.

They argued that these units had made heavy investments in the states based on different industrial promotion schemes of the government of India due to the notified excise tax holiday. (PTI)

World looks at India with hope: Bhagwat

PUNE, July 6:

Rashtriya Swayamsevak Sangh (RSS) chief Mohan Bhagwat has said the world has so far failed to find answers to several questions and now thinks India can provide their solutions.

Asserting that the work of national awakening was going on in the country, Bhagwat on Wednesday said India needed "intellectual Kshatriya" (warriors).

He was speaking here at the release of eight volumes of the original Valmiki Ramayana, written by Saint Ramdas, and edited by Shri Samartha Vagdevata Mandir based in Dhule of north Maharashtra.

"In order to show direction to the society, it is necessary to establish the embodiment of the ideal king. Samartha Ramdas considered

Chhatrapati Shivaji Maharaj as the ideal king after Lord Rama," he said.

The time of Samartha Ramdas's existence was marked by invasions, and Chhatrapati Shivaji Maharaj responded to these invasions, the RSS chief said.

"To fight is just one aspect of protecting religion. But protecting religion does not mean only fighting. Counteracting, enlightening, researching and practising are also ways to protect religion," he said.

Although time has now changed, we are still facing similar issues, Bhagwat said. "One thing is we are not slaves now. We are independent. But has our slave mentality gone? Aren't their invasions today? Though there are no direct invasions, they are there - one is on the western border and the other is on the northern border. What is the meaning of a work infiltration," he added. (PTI)
