NEW DELHI, July 18: President Droupadi Murmu today presented the Bhoomi Samman awards to nine state secretaries and 68 district collectors for their achievements in the implementation of the Digital India Land Records

DILRMP. President Murmu said digitisation of land records will play an important role in development of rural areas. "Digitisation increases transparency. This mission of digitising land records will have a positive impact on rural development," she said.

of most of the rural population is dependent on land resources. "A comprehensive integrated land management system is of utmost importance for the overall development of rural areas," she said.

She also said the unique land parcel identification number being provided could be useful like Aadhaar card and it would help people in making proper use of the lands as well in implementing new welfare schemes. "Linking of e-courts with land records and registration data-base would have many benefits. The transparency that is coming from digitization would curb unethical and illegal activities related to land," she said. The president said that many people in rural areas have land records in the name of their forefathers and are not able to get registrations done due to lack of information, resources or due to disputes. The president urged the government to look into such cases.

Modernization Programme. Congratulating those who have achieved targets under the **Ensure smooth flow of traffic during Yatra: CPI**

Excelsior Correspondent

SRINAGAR, July 18: Senior CPI (M) leader, Mohammed Yousef Tarigami has said that JKUT Administration must ensure smooth flow of traffic during Shri Amarnath Yatra along the National Highway.

In a press statement here today, Tarigami said that the people of Kashmir have always welcomed Amarnath Yatra and played a crucial role in smooth conduct of the Yatra.

But it is very unfortunate that they have to face immense difficulties to cover their commuting distances due to halting of traffic along National Highway.

Tarigami said that coming off the thoroughfare unnecessarily cause disruptions in the seamless movement of traffic.

He urged upon the administration to take all necessary measures to smoothen the flow of traffic along National Highway.

"Acceleration of rural development is essential for the overall development of the country. For the development of rural areas, modernisation of land records is a basic requirement as the livelihood

Chandrayaan-3 mission on schedule

CHENNAI, July 18:

The Indian Space Research Organization (ISRO) on Tuesday said the third Lunar Mission Chandrayaan-3 mission was on schedule and that it has successfully performed the third Orbit raising maneuver. The spacecraft has attained a 51400 km x 228 km orbit, as planned.

Chandrayaan-3 spacecraft was launched from the Sriharikota on Friday. After the first orbit raising manoeuvre (Earthbound firing-1), was performed by the ISRO Telemetry Tracking and Command Network (ISTRAC) in Bengaluru, the second orbit-raising maneuver (Earth-bound apogee firing) was performed successfully on Monday and the third maneuver (Earth-bound perigee firing) was done today.

The spacecraft has attained a 51400 km x 228 km orbit, as planned. The next firing is planned for July 20 between 2 pm and 3 pm. ISRO said the spacecraft's health is normal. In a tweet, ISRO said "Chandrayaan-3 Mission is on schedule."

"The third orbit-raising maneuver (Earth-bound perigee firing) is performed successfully from ISTRAC/ISRO, Bengaluru", it said. "The next firing is planned for July 20 between 2 and 3 pm IST. ISRO @isro?" it added. "The spacecraft has attained a 51400 km x 228 km orbit, as planned", ISRO said, ISRO has planned the trans lunar insertion of Chandrayaan-3 for August 1.

The Chandrayaan-3 spacecraft was successfully launched by ISRO's heaviest launch vehicle LVM3-M4 and after a flight duration of about 16 minutes, it was precisely placed in an elliptic parking orbit of 36,500 km x 170 km. ISRO is planning the technically challenging soft landing of the Chandrayaan-3 spacecraft in the lunar surface at 5.47 p.m. on August 23, ISRO Chairman S.Somanath said after the launch at Sriharikota.

The Chandrayaan-3 consists of an indigenous lander module (LM), propulsion module (PM), and a rover with the objective of developing and demonstrating new technologies required for future inter-planetary missions. The success of Chandrayaan-3 will make it the surface mission closest to the lunar south pole to date, a region of the moon that has been found to be geologically unique and host to spots in permanent shadow. A perfect soft landing on the Moon's surface will make India the fourth country to accomplish this feat, thereby joining a select group of spacefaring nations.

Only USA, the then Soviet Union and China have achieved this feat. India too nearly achieved in its maiden attempt when it launched Chandrayaan-2 in July 2019, before the lander crash landed very close to the landing spot, making the mission about 99.99 per cent success. (PTI)

NDA will bag more than 50 pc votes: PM

Setting the tone for their 2024 Lok Sabha polls campaign, 26 opposition parties on Tuesday formed a coalition -- Indian National Developmental Inclusive Alliance (INDIA) -- to unitedly take on the ruling NDA, with Congress leader Rahul Gandhi asserting that the fight will be "between INDIA and Prime Minister Narendra Modi".

Striking an emotional chord and reaching out to the BJP's allies, Modi said there could have been times when due to his engagements, he might not have returned some calls to some of those who tried to contact him or some might not have got an appropriate space during his visits to different states due to security reasons.

"Their names may be missing from some invites and things like these might have happened in the last nine years," he said, asserting that the alliance partners, however, never complained.

Mistakes might have been made, he said, adding that the affection of the allies for him never ebbed and their confidence and love for him were his biggest assets. Bharatiya Janata Party (BJP) president J P Nadda and his team will work on the suggestions put forward by the alliance partners during the meeting, Modi said.

"We will work like a team to fulfil the country's aspirations and hopes and move on with unity, self-confidence and resolve," he said, expressing confidence about the NDA's win in next year's parliamentary polls and getting people's blessings due to the alliance's work and dedication for the masses.

"The Congress used alliances in the 1990s to bring instability in the country. The Congress formed governments and also pulled them down. During this time, in 1998, the NDA was formed. The NDA was not formed to throw any government out of power, but to bring stability to the country," Modi said.

"Even when we were in the opposition, we always did positive politics. In the opposition, we brought out scams of the then governments, but never insulted the mandate of the people. We never took the help of foreign powers

PM to address UNGA session in Sept

As per the provisional list of speakers for the high-level general debate of the 78th session of the General Assembly, India's "Head of Government" (HG) will address the session in the afternoon of September 22.

The list is provisional and there is a possibility of changes in schedules and speakers over the next few weeks. The list will continue to be updated accordingly.

Considered the "busiest diplomatic season" of the year at the United Nations Headquarters, the high-level session opens in September annually. This year the 78th session of the General Assembly will commence on September 5.

During the high-level week, the world leaders will convene for the Sustainable Development Goals Summit, the Climate Ambitions Summit and the

against the ruling governments. We never created hurdles in development schemes meant for the country," he added.

The Prime Minister asserted that when there is a stable government, decisions that change the direction of the nation are taken. "We saw it during Atalji's tenure and we are seeing this in the last nine years. Due to a stable government, the confidence of the world in India has gone up," he said.

Modi said even when the NDA was in the opposition, it never created roadblocks in the country's development. He said many opposition governments do not allow central schemes to be implemented in their states and if implemented, they are not allowed to gather pace.

"When an alliance is formed due to the compulsion of power, when an alliance is formed with the intention of corruption, when an alliance is based on dynastic politics, when an alliance is formed keeping in mind casteism and regionalism, then that alliance is very harmful for the country," the prime minister said.

He said it was the NDA government that conferred Bharat Ratna on former president Pranab Mukherjee, who served all his life in the Congress. Modi said the NDA government also honoured its political rivals, such as Mulayam Singh Yadav, Sharad Pawar, Ghulam Nabi Azad, Tarun Gogoi, S C Jamir and Muzaffar Beig, with Padma awards.

Thirty-nine parties are part of the NDA and as their leaders reached the venue earlier, they were welcomed with flower bouquets and stoles amid dhool beats. Earlier, Modi was welcomed by BJP president J P Nadda, Shiv Sena leader and Maharashtra Chief Minister Eknath Shinde, former Tamil Nadu Chief Minister and AIADMK leader Edappadi K Palaniswami, Nagaland Chief Minister Neiphiu Rio and former Bihar chief minister and Hindustani Awam Morcha leader Jitan Ram Manjhi. The prime minister greeted the NDA leaders at the venue. Modi hugged LJP (Ram Vilas) leader Chirag Paswan after the latter greeted him and touched his feet. (PTI)

General Debate, among other key events. The 2023 SDG Summit will take place on September 18-19. "It will mark the beginning of a new phase of accelerated progress towards the Sustainable Development Goals with high-level political guidance on transformative and accelerated actions leading up to 2030."

Last month, in a historic commemoration, Modi led the yoga session at UN Headquarters on the 9th International Day of Yoga celebrated on June 21. Nine years after Prime Minister Modi had first proposed from the UN General Assembly podium to mark International Yoga Day as an annual commemoration, the Indian leader was at the UN Headquarters to lead the yoga session in a historic commemoration of the day. People defeat Pak designs in Kashmir, contribute for creation of new atmosphere: LG

"I am delighted that talented artists from across the country will have the opportunity to showcase their skills in Srinagar, and I extend a warm welcome to all the participants. This festival presents a unique chance to illuminate the lives of millions, as we all recognize that singing, dance, and theatre are not mere talents or art forms, but rather keys that unlock the depths of human existence," Sinha said.

"Over the past three to four years, Kashmir has witnessed a resurgence in the value of art. Despite the challenges faced during the COVID-19 pandemic, it is evident that you have persevered and are working hard to restore the glory of Kashmir," he said.

Sinha said that the new Cinema halls will be opened in Bandipora, Kulgam and Ganderbal. "It is a significant milestone as cinema halls are reopening in small towns after three-decade. Recently, I had the opportunity to visit Baramulla and Handwara, where cinema halls were inaugurated. Last year, Pulwama and Shopian witnessed the same, and by September of this year, cinema halls will be opened in Bandipora, Kulgam, and Ganderbal, exclusively for the youth of Kashmir," he said.

The LG said that his administration is committed to supporting the arts who have suffered. "Recognizing the economic challenges faced by the arts, especially during the COVID-19 pandemic, the administration is actively considering measures with the utmost sensitivity. We remain committed to supporting and fostering this positive change that has sparked awareness in our society. These steps towards success serve as a testament to the potential of our youth and artists, who possess the ability to transform their dreams into reality, not only for Jammu and Kashmir but for the entire country," he added.

He said that music, dance, theatre are not merely art forms but these are the keys that open all the locks of vast existence and

tremendous possibilities of life.

"Artists are the real treasure and pride of the country, and the wealth they possess cannot be equated with any material wealth. In different art forms, one can have a glimpse of existence and realise the mystic path of life," he observed.

He acknowledged the immense contribution of the Artists in weaving many sects, customs, religion, culture, language, social system in the garland of unity and spreading its fragrance in every corner of the world.

"The biggest feature of our culture is its continuity. Many cultures, civilizations of world have either disappeared or with time they were weakened. However, despite all the challenges and attacks, Indian culture is not only flourishing but its roots have become stronger," he said.

"Under the guidance of Prime Minister Narendra Modi, Amrit Yuva Kalotsav reflects society's aspirations and motivates the young generation to move forward in the journey of Amrit Kaal with a new vigour, new dreams, determination and commitment to nation building," the LG said.

"The biggest strength of our culture is unity in diversity. In order to strengthen this diversity, to bring states, cultures, languages, artists, youth closer to each other, Prime Minister had started the mission of 'Ek Bharat Shreshtha Bharat'," he added.

Dr Sandhya Purecha, Chairperson, Sangeet Natak Akademi shared the efforts of the Akademi to promote the art and culture of Jammu Kashmir. She informed that the Sangeet Natak Akademi will organise workshop on Bhand-Pather across the country.

Sujit Singh, DIG; Bharat Singh Manhas, Secretary, J&K Academy of Art, Culture & Languages; Raju Das, Secretary, Sangeet Natak Akademi; renowned artists, prominent citizens and youth were present on the occasion.
